

I HAVE CHILDHOOD 1-6 CERTIFICATION AND WANT TO ADD A CONTENT AREA 5-9 CERTIFICATION

If you hold Initial NYS Certification in Childhood 1-6, you may wish to add certification in Middle Childhood Mathematics (Grades 5-9). To do so, you will need to apply for a Middle Childhood (Grades 5-9) content area title as an additional certificate through a BOCES Regional Certification Office. BOCES will complete an official evaluation and send you a letter telling you which requirements are missing. Upon completion of the missing requirements, the evaluation may be updated at least once, at no additional cost. You will want to apply for the additional certificate before pursuing completion of additional coursework, as you may have already completed coursework that may be accepted toward the requirements for the additional title.

The current requirement to add certification in middle childhood content area titles (Grades 5-9) is 6 credits of coursework that is specifically at the Middle Childhood developmental level, 3 credits of Literacy Skills Methods, 18 acceptable content credits, plus the appropriate Content Specialty Test (CST) and the Child Abuse Identification Second Update workshop.

The following courses might be acceptable to fulfill the 6 credit Middle Childhood requirement: EDU 349, EDU 549, MED 309, SPF 353, SPF 303. **You will want to verify the acceptability of these courses with BOCES** after you apply for the certification and before you register for a course.

To apply:

go to www.highered.nysed.gov/tcert/teach

Log on to TEACH with your username and password

Click on "TEACH Online Services"

Click on "Apply for Certificate"

Make selections from drop boxes to select certificate title: Classroom Teacher, Middle Childhood Grades 5-9, Mathematics (Grades 5-9), Initial Certificate (or Professional if you have already been issued a Professional title)
